## Od jednej palety dziennie w 1989 roku, do 27 mln m<sup>2</sup> rocznej produkcji po 30 latach

/From one pallet per day in 1989, to 27 million sqm of annual production after 30 years/

## Od ponad 30 lat Grupa Końskie rośnie w siłę i buduje swoją wartość na rynku płytek ceramicznych

*/For more than 30 years, the Końskie Group has been growing and building its value on the ceramic tile market/*

Jako grupa inwestujemy w technikę, rozwój, a przede wszystkim w naszych pracowników. Grupa Końskie jest firmą rodzinną. Panująca w niej atmosfera jest pozbawiona niezdrowej rywalizacji. Wzornictwo naszych kolekcji jest efektem współpracy najlepszych europejskich studiów graficznych i doświadczenia pracowników Grupy Końskie.

Naszymi inspiracjami jest piękno natury, bogactwo kultury i różnorodność sztuki. Szeroka gama produktów jaka dzięki temu powstaje pozwala na stworzenie nieskończenie wielu aranżacji przestrzeni w domu i wokół niego.

*/EN/ As a group, we invest in technology, development and most importantly, in our employees. Końskie Group is a family-owned company, devoid of unhealthy rivalry. The design of our collections is the result of cooperation between the best European graphic studios and the experience of Końskie Group employees.*

We are inspired by the beauty of nature, the richness of culture and the diversity of art and the resulting wide range of products allows one to design an infinite number of space arrangements in and around the house.

## Dynamiczny rozwój - nowoczesne linie produkcyjne

*/Dynamic development - modern production lines/*

Skrócona droga decyzyjności doprowadziła nas do otwarcia w 2019 r. kolejnej, nowoczesnej linii produkcyjnej, która umożliwia produkcję gresu o grubości 3 cm w formacie 90x90 cm i wytrzymałości powyżej 3 ton nacisku.

Również w ciężkim okresie, w jakim znajdowała się globalna gospodarka, spowodowanym m.in. pandemią COVID-19 wyszliśmy ze zwiększonym kapitałem. Powyższy fakt sprawia, że spółki planują dalszy dynamiczny rozwój.

W kwietniu 2022 uruchomiliśmy kolejne dwie linie produkcyjne płyt gresowych o grubości 3 cm. Daje nam to roczny wzrost rocznej produkcji gresów tarasowych o 1 milion m<sup>2</sup>.

*/EN/ The short decision-making path allowed us to open in 2019 another modern production line, which enables the production of 3 cm thick 90x90 cm gres tiles, with a strength of over 3 tons of pressure.*

Also, during the tough period the global economy was in, caused by, among other things, the COVID-19 pandemic, we managed to increase our capital, which enable the companies plan further dynamic development.

In April 2022, we launched two more 3 cm thick gres slab production lines. This gives us an increase of 1 million sqm in annual production of terrace gres tiles.

Good human resources management results in lower bureaucracy, quick decision-making and consequently, professional customer service.*

Among many Polish companies, we are distinguished by a management style, whose philosophy is based on direct contact with the customer, supplier or intermediary. We are guided by one premise – our product is created with the human being in mind.

## Design Summer School 2022

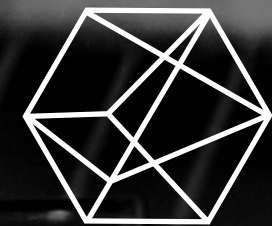

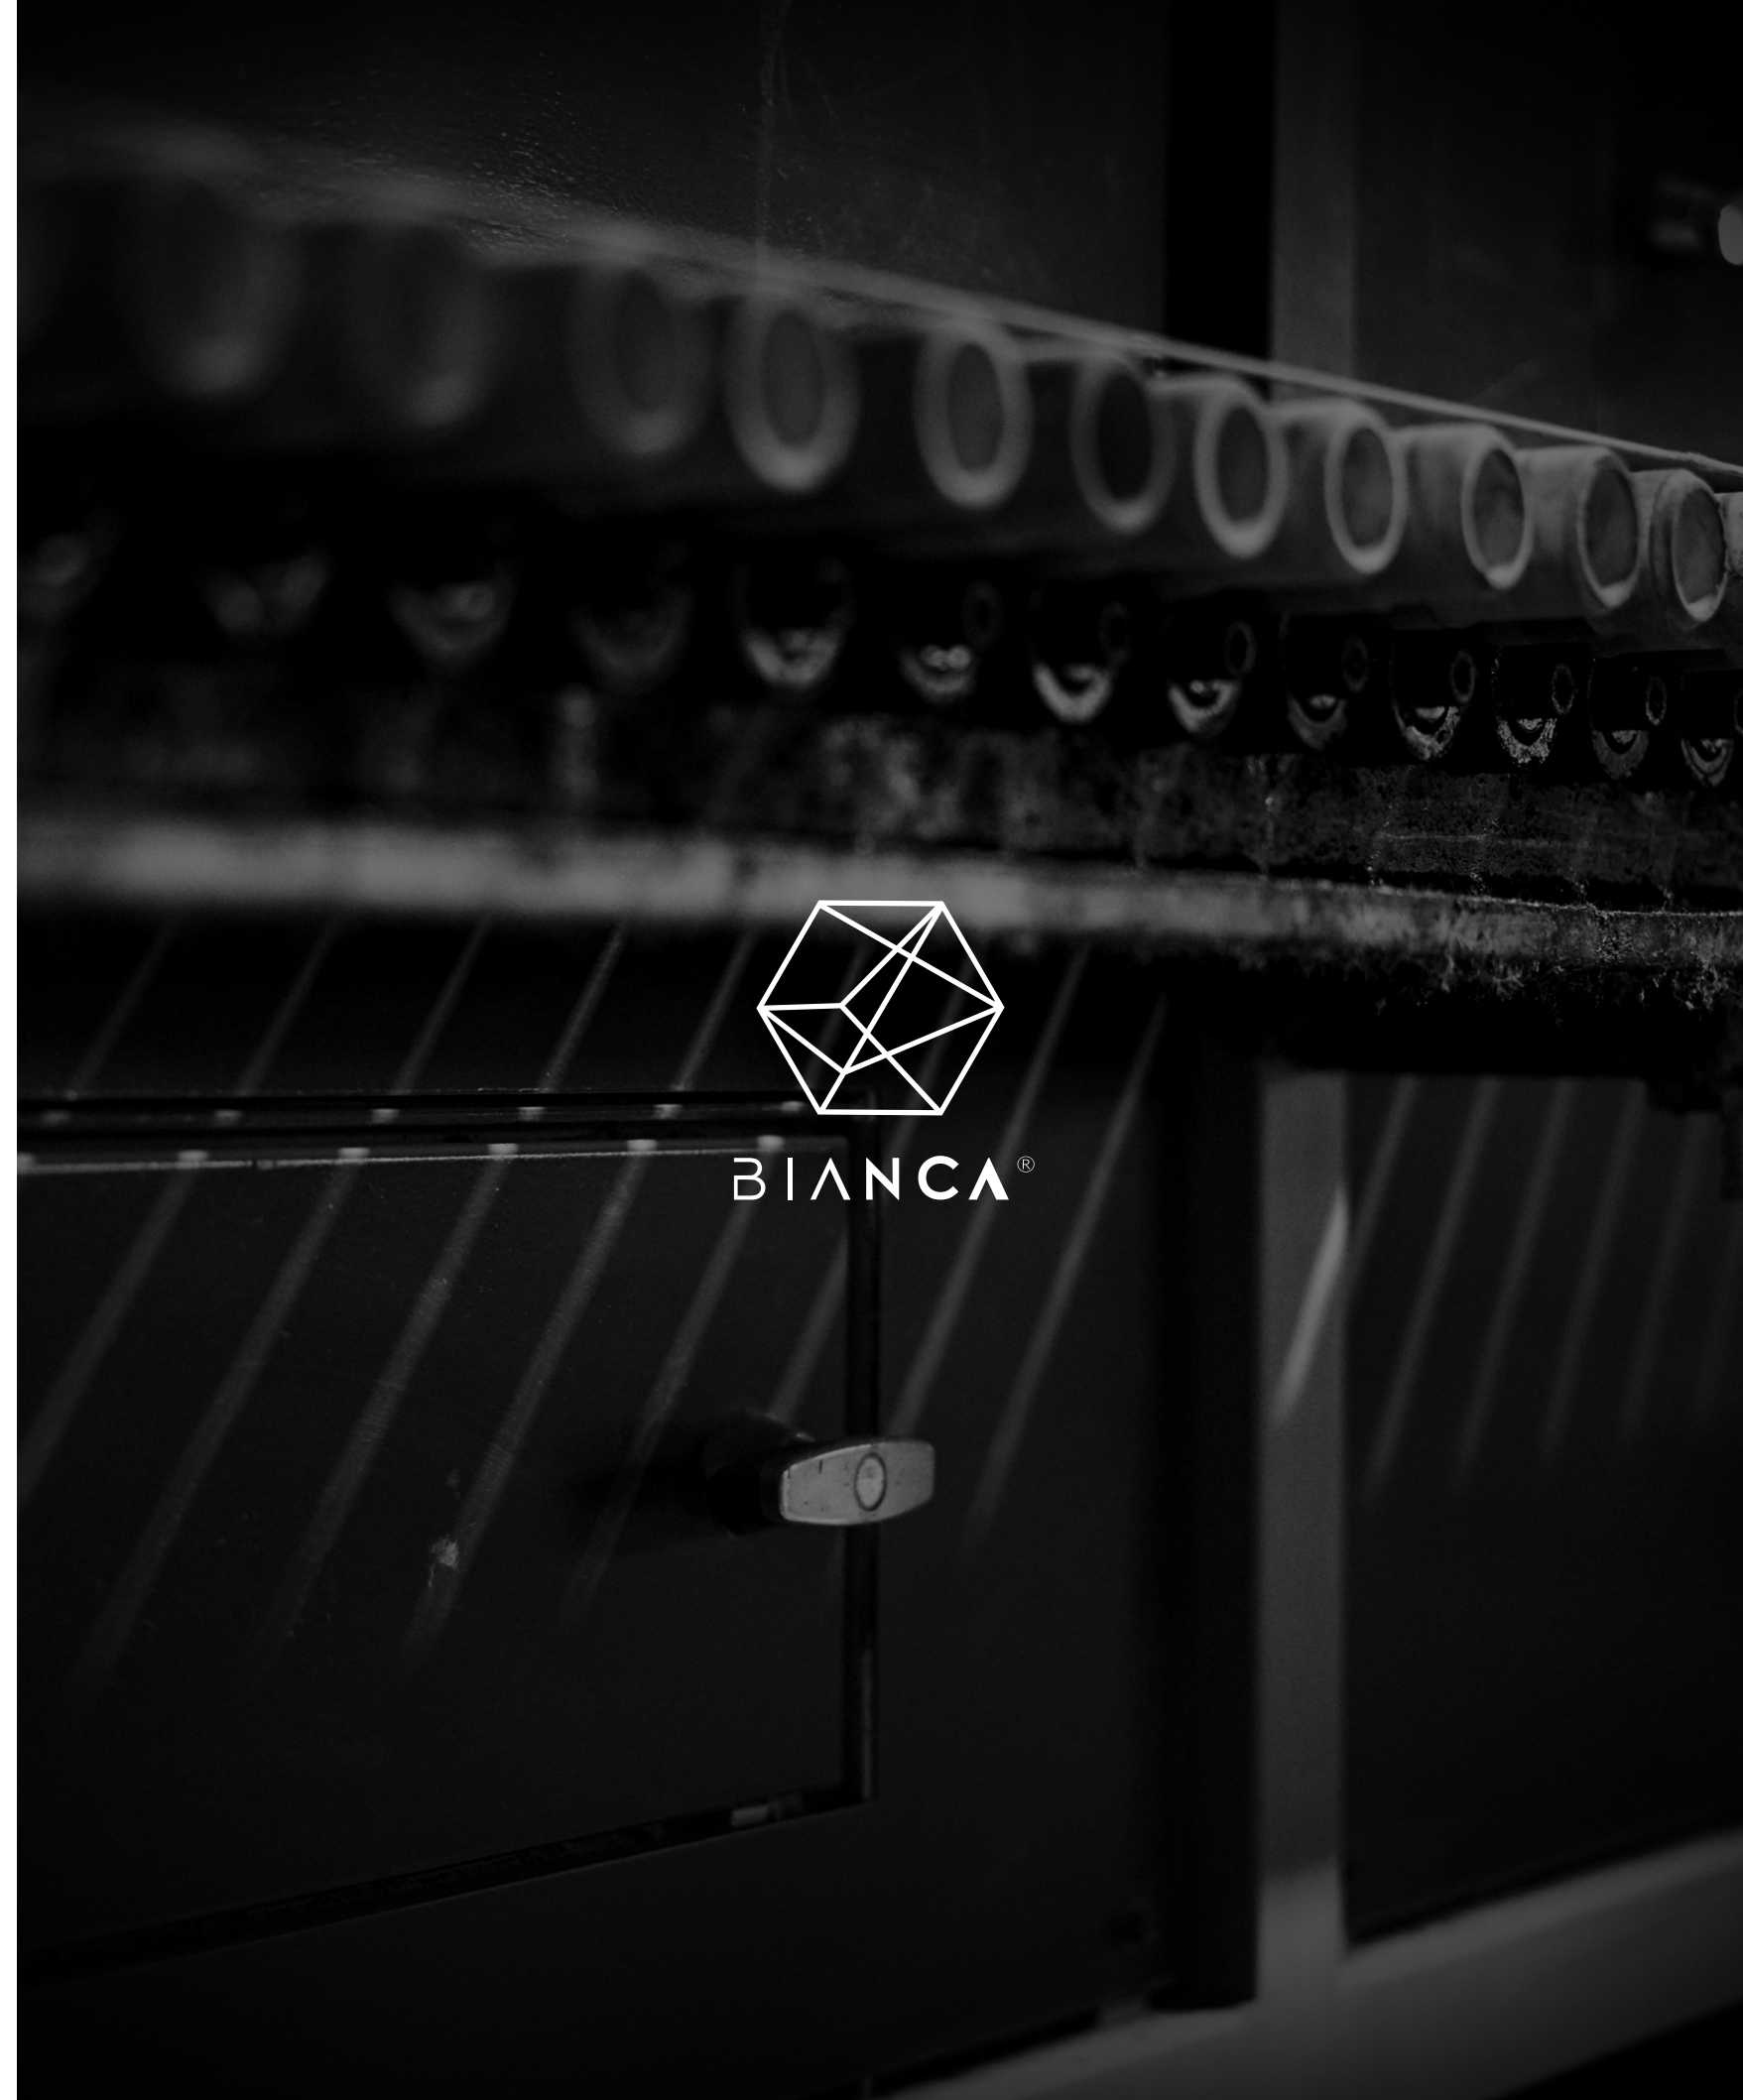

/Design Summer School 2022/

Nasza wizja ząębia się z ekologicznym i zrównoważonym rozwojem, a przede wszystkim z dbałością o zasoby naturalne. Otaczanie się ekspertami w swoich dziedzinach inspirowa nas i wspiera naszą działalność. Warsztaty prowadzone przez Tomka i Gosię Rygalik, a także Lię Forslund i Franka Wardyńskiego, przeprowadziły uczestników przez proces koncepcyjnej i praktycznej pracy kreatywnej w otoczeniu kującej przyrody kampusu DesignNature w Sobolach. Punktem inspiracji była produkcja płytek ceramicznych, która jest w sercu naszej działalności i jest ściśle związana z naturą. Wszystkie cztery żywioły: ziemia, woda, powietrze i ogień są częściami procesu produkcyjnego, w którym wszystko jest od siebie zależne, wzajemnie powiązane i sprzężone. Dlatego też każdy tydzień warsztatów był poświęcony jednemu z żywiołów.

Rok 2022 to rok nowego spojrzenia na nasz biznes i otaczający nas świat. Cieszymy się, że mieliśmy okazję wykorzystać potencjał naszej branży do stworzenia nowych rozwiązań bezpośrednio związanych z płytką ceramiczną.

/EN/ Our vision is consistent with ecological and sustainable development and, above all, with care for natural resources. Surrounding ourselves with experts in their fields inspires us and supports our business. Workshops led by Tomek and Gosia Rygalik, as well as Lia Forslund and Frank Wardynski, took participants through a process of conceptual and practical creative work in the soothing natural surroundings of the DesignNature campus in Sobole. The point of inspiration was the production of ceramic tiles, which is at the heart of our business and is closely connected to nature. All four elements - earth, water, air and fire - are part of the production process, in which everything is interdependent, interrelated and interconnected. Therefore, each week of the workshop was dedicated to one of the elements.

2022 is the year of a new look at our business and the world around us. We are glad that we were given the opportunity to harness the potential of our industry to create new solutions related directly to ceramic tile.
